

Tak fordi du har valgt Bell+

Jeg er virkelig glad for, at du har valgt at købe lampen Bell+, som jeg har designet for Darø. Lampen er designet med udgangspunkt i en dansk/skandinavisk designtradition kombineret med en nytænkning i forhold til funktion. Du har sikkert oplevet at Bell+ har et meget enkelt udtryk, hvor funktionen er meget let at aflæse. Lampen og lyset er ikke statisk. Bell+ kan vippes og drejes efter behov og skal være med til at inspirere til kreativ indretning.

Jeg håber, du bliver glad for din Bell+ og vil bruge den aktivt i mange år frem.

Thank you for choosing Bell+

I am really happy that you have chosen to purchase the Bell+ pendant which I have designed for Darø. The basis for the design of the lamp is the Danish and Scandinavian design tradition combined with an innovative perspective on function. You have probably noticed the simple look where the function is easily understood. The lamp and the light are not static. Bell+ can be tilted and turned as needed and is meant to inspire creative interior design.

I hope you will be pleased with your new Bell+ pendant and use it actively for many years to come.

Endnu en gang tak / Once again, thank you.
